The Emperor Napoleon has taken over the French and Italian armies, and we are caught in his grasp. France and Italy are occupied. What can we do? You must rally, you must fight! Share your ideas in this game. Each person in the game has a special task to do. Use the game board to reach all places and perform each task! Napoleon's army must be defeated! Storyline: Napoleon's horse is named Excalbur. The emperor... 871 ratings Share; Share on Facebook; Share on Twitter; Share on Pinterest. You are playing a game of chess. The game has 2 players. You have the black chess piece and the other one has the white chess piece. Your goal is to take your opponent's queen. Each time you are given a move on the chess board you have a choice to make: either to move one of your chess pieces forward or to give up your chess piece. In this way you win or lose the game... Jigsaw is the seventh main story arc of Final Fantasy IX. The main antagonists are the four Shadow Dragons. They have invaded the village of Dalmasca and are terrorizing it. And then you are given a choice: to help Dalmasca or to help the Shadow Dragons. If you choose the Shadow Dragons, then you must defeat the four Shadow Dragons, and a seven-day countdown begins, but if you choose to help Dalmasca, then you can stop the countdown and save... (555 ratings Share; Share on Facebook; Share on Twitter; Share on Pinterest) In this game, you play in the movie "Rogue 1: A Star Wars Story". The game begins with Darth Vader as he walks down the main hallway in the Death Star and meets Rogue 1. The game is quite simple. You must activate the interactive game items in the game. When you touch the icon of the first interactive item, the screen will be filled with relevant information. If you touch the icon of the second item, you will... (433 ratings Share; Share on Facebook; Share on Twitter; Share on Pinterest) In this game, you play the role of "Sonic the Hedgehog". You are the main character Sonic, and you must go through the space and collect the hearts, while avoiding the robots and the 82157476af
